Hands - on Experience

Made by you for YOU

**Bonding people with
Nature**

Live Gastronomy

Great Fish, Meat & Vegetables will show you our foodie way

**Fresh catch of the day to ...
Clean**

**Meat from our local farms to ...
Curve**

**Veggies straight from
our Garden to
Harvest**

The stage

With a backdrop of the famous Mouse Island, you will help choose locally grown and freshly caught ingredients for you to surprise each other to produce a spectacular gastronomic delight.

We will take you on an adventure to open your senses to the possibilities of creating a meal starting with seeing and ending with tasting our fresh locally sourced produce from the Island of Corfu - we ensure a memorable and fun filled time with us at Flisvos.

Your Gastronomic adventure starts from your arrival at Flisvos, where your host for the day will meet and greet you and tell you what's in store. Then divided into three cooking teams of Fish, Meat and Vegetables, you will begin. All the produce used is either locally grown or sourced and part of our Green Sustainability promise. Like an orchestra the 3 food groups produced by each of the three teams will be harmoniously combined to culminate into a spectacular gastronomic dining experience, complimented with local wines chosen by the Flisvos host to enhance and develop the full flavours of the food.

**This experience will awaken your tastebuds that will forever
Crave Corfu.
Be your own Chef, create your own menu, and celebrate a meal
together!**
